Build Your Author Platform Carole Jelen, Michael McCallister, 2014-05-13 A great book is no longer enough. An author platform is the most powerful key to success in today's saturated market and increasingly publishers are demanding that new authors come to them with an existing audience of interested followers. Authors who are self-publishing have an even bigger need to build an engaged audience. Social media makes building the author platform easier than ever but unfortunately most authors struggle to get it right. How can authors create their unique platform, connect with followers, write a manuscript and grow their business? In *Build Your Author Platform: The New Rules*, top literary agent Carole Jelen and tech expert Michael McCallister apply their combined 35 years of expertise to outline 14 practical, hands-on steps to create a presence that will produce high book sales and an expanded audience. From pre-publication through book launch and beyond, authors will learn how to: Define goals and a unique brand; Employ successful website strategies; Content, social presence, media authority and training; Secure positive reviews; Attract viewers efficiently without cost. Filled with detailed lessons, examples, success stories and techniques used by marketing departments at major publishers, *Build Your Author Platform* is an indispensable guide for anyone looking for insight into publishing, promoting and marketing books. **Contemporary High Performance**

Computing Jeffrey S. Vetter, 2019-05-08 *Contemporary High Performance Computing: From Petascale toward Exascale, Volume 3* focuses on the ecosystems surrounding the world's leading centers for high performance computing (HPC). It covers many of the important factors involved in each ecosystem: computer architectures, software applications, facilities and sponsors. This third volume will be a continuation of the two previous volumes and will include other HPC ecosystems using the same chapter outline: description of a flagship system, major application workloads, facilities and sponsors. Features: Describes many prominent international systems in HPC from 2015 through 2017, including each system's hardware and software architecture; Covers facilities for each system, including power and cooling; Presents application workloads for each site; Discusses historic and projected trends in technology and applications; Includes contributions from leading experts. Designed for researchers and students in high performance computing, computational science and related areas, this book provides a valuable guide to the state of the art, research trends and resources in the world of HPC. **Subject Guide to**

Authored by experts with close ties to Autodesk and the Civil 3D community, it features an in-depth, tutorial-based approach grounded in real-world examples so that you get the very most out of Civil 3D. This practical guide focuses squarely on how to use the software in a production environment and provides insights, insider tips and advanced techniques you won't find anywhere else. **Guide to United States Government Motion Pictures** Library of Congress, Motion Picture Division, 1947 National Agricultural Library Catalog National Agricultural Library (U.S.), 1982 *Digital Buying Guide*

2004 Consumer Reports, Consumer Reports Books Editors, 2003-09-16 Moore's Law states that computer speed will double every eighteen months and so far it's true. Computer speeds have been accelerating relentlessly and show little signs of slowing. That's good news as computers can be used for everything from letter writing to managing personal finances and can be the entre to the Internet giving access to e-mail and hundreds of millions of sites. But your computer can also be the linchpin for scores of other digital equipment: cameras, camcorders, scanners, printers, game boxes, and more. It is also the place where you store, swap, copy, or alter photos, graphics, songs, and games in progress. Given all this, Consumer Reports expert advice in the 2004 edition of *Digital Buying Guide* is indispensable. The volume covers Shopping for essential services such as Internet providers, Getting off to the right start in digital imaging, Valuable buying guidance on desktops, laptops, PDAs, monitors, printers, fax machines, cameras, scanners, MP3 players, and more. Brand name Ratings you'll only get from Consumer Reports plus a comprehensive glossary and profiles of the major home computer and home office brands.
