Wildman,2003-08-29 Contributors to this volume explore the dynamics of new communications technologies and public policy from TPRC 2002 The contributors to this volume examine issues raised by the intersection of new communications technologies and public policy in this post boom post bust era Originally presented at the 30th Research Conference on

Communication Information and Internet Policy TPRC 2002 traditionally a showcase for the best academic research on this topic their work combines hard data and deep analysis to explore the dynamic interplay between technological development and society The chapters in the first section consider the ways society conceptualizes new information technologies and their implications for law and policy examining the common metaphor of cyberspace as place alternative definitions of the Internet the concept of a namespace and measures of diffusion The chapters in the second section discuss how technological change may force the rethinking of legal rights topics considered include spectrum rights intellectual property copyright and paracopyright and the abridgement of constitutional rights by commercial rights in ISP rules Chapters in the third and final section examine the constant adjustment and reinterpretation of regulations in response to technological change considering among other subjects liability regimes for common carriers and the 1996 detariffing rule privacy and enhanced 911 and the residual effect of state ownership on privatized telecommunication carriers The policy implications of Rethinking Rights and Regulations are clear major institutional changes may be the necessary response to major advances in telecommunications technology *Journal of Legal Studies in Business* ,1999 **Technology in Schools** Kevin P. Brady,2012-08-14 Education of America s school children always has been and always will be a hot button issue From what should be taught to how to pay for education to how to keep kids safe in schools impassioned debates emerge and mushroom both within the scholarly community and among the general public This volume in the point counterpoint Debating Issues in American Education reference series tackles the topic of technology in schools Fifteen to twenty chapters explore such varied issues as the digital divide electronic textbooks impacts on curricula privacy on school computers web censorship and more Each chapter opens with an introductory essay by the volume editor followed by point counterpoint articles written and signed by invited experts and concludes with Further Readings and Resources thus providing readers with views on multiple sides of technology issues within America s schools and pointing them toward more in depth resources for further exploration CyberJustice Lucille M. Ponte,Thomas D. Cavenagh,2005 With no uniform laws or court systems in the global marketplace of the online world e businesses and their customers are looking for dispute resolutions options that reflect the speed and convenience of the Web This interactive text provides a concise and easy to understand overview of the cutting edge topic of Online Dispute Resolutions ODR that can be used as a supplement to a wide range of courses *Vanderbilt Journal of Transnational Law* ,2002 **Ohio State Journal on Dispute Resolution** ,2001 The Legal Environment of the New Millennium Samuel D. Hodge,2001 This book includes the standard matter covered in a Legal Environment of Business text including a discussion of Cyberlaw and ethical issues The format differs however by including cutting edge cases cases that have been decided in the past few years or matters involving the legal disputes of the rich and famous For instance a student will learn about punitive damages by reading about a case involving Whitney Houston Domain name disputes will focus on litigation involving Madonna and Sting The enforcement of an arbitration agreement deals with Latrell Sprewell and his assault of the head

coach of the player's former basketball team. It is believed this approach will stimulate interest in the materials since the players in the litigation will be well known to the general public and students will enjoy learning about the legal exploits of these famous people. In addition, the book follows the legal problems of a family during the semester in which a series of written problems are presented in order to stress legal analysis and writing.
