# Czech Republic

**Patt Leonard, Rebecca Routh**

## **Czech Republic:**

**The Czech Republic** Rick Fawn,2004-08-02 In separate chapters on history politics economics foreign relations and the new Czech identity this book not only applauds the country s successes since 1993 but also uncovers the frayed edges of this velvet nation

The History of the Czech Republic and Slovakia William Mahoney,2011-02-18 This survey of Czech and Slovak history traces the development of two neighboring peoples through the creation of a common Czechoslovakian state in 1918 to the founding of the independent Czech and Slovak Republics in 1993 and beyond The History of the Czech Republic and Slovakia charts historical developments in the two nations to the opening decade of the 21st century The book begins with an overview of the geography climate people economy and government of both the Czech and Slovak republics Subsequent chapters offer a chronologically organized survey of historical events trends ideas and people Starting with the early Slavic settlements around the 5th century AD the book explores Czech and Slovak history through the Middle Ages the Renaissance and Early Modern eras the Enlightenment and the age of nationalism and revolution Chapters on the 20th century include discussion of the World Wars the interwar Czechoslovak state the Communist decades the Prague Spring and the Velvet Revolution of 1989 The story is brought up to date with insights into developments in the independent Czech and Slovak republics since 1993

The Czech And Slovak Republics Carol Leff,2018-02-15 This clear objective introduction to the politics of Czechoslovakia and the successor Czech and Slovak Republics provides a comprehensive analysis of Czechoslovakia in the postcommunist period Carol Leff builds a framework for understanding the dynamics of the triple transition democratization marketization and a national transformation that has reconfigured the dynamic between state and nation She shows how the interaction of these three transformational agendas has shaped Czechoslovakia s development ultimately culminating in the paradoxical disintegration of a state that most of its citizens wished to preserve The book offers a valuable case study of a country coming back to Europe but it also provides an opportunity for analyzing the influence of communism on what had been a significant interwar European state The book s strong comparative element will make it invaluable as well for those seeking to understand contemporary Central and Eastern Europe

Czechoslovakia and the Czech Republic in World Politics Ladislav Cabada,Šárka Waisová,2011-01-01 The book focuses on the description and analysis of the historical formation of the Czechoslovak and Czech positions in the international system during the course of the 20th century The first part of the book presents a brief outline of the history of Czechoslovak foreign policy between the First World War and the end of the Cold War The authors focus on the key periods and turning points in the role of the small Central European state in the international system as well as on the significant actors formulating Czechoslovak foreign policy from the inside and influencing it from the outside The second analytical part of the book focuses on the key issues connected to the change of the position of Czechoslovakia and the Czech Republic after 1993 in world politics and on the formulation of Czech foreign policy priorities and strategies in the globalized world after the end of bipolar confrontation The

authors analytically investigate the activities of the Czech Republic in Central European regional integration processes and the integration of the state in the global system of development cooperation A great deal of attention is paid to the key political actors of the Czech foreign policy discussion and their impact on the formulation of foreign policy goals Special attention is paid to the dilemmas of Czech foreign policy the hesitation between the role of a small state and a medium power and also the span of Czech foreign policy between Atlanticism anti Americanism and Europeanization

**The American Bibliography of Slavic and East European Studies for 1994** Patt Leonard, Rebecca Routh, 1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs [Background Notes](#) ,1994 [Czech Republic](#) ,1993 [Arbitration Law and Practice in Central and Eastern Europe](#) Christoph Liebscher, Alice A. Fremuth-Wolf, 2006 The focus of Arbitration Law and Practice in Central and Eastern Europe is to provide an understanding of the involvement of state authority in arbitrations and offer practical ideas on arbitration procedures for countries in this region Adopting a questionnaire format devised by the editors issues are investigated from both the arbitrator s and the counsel s perspectives and important tactical issues are discussed It is inevitable however that the reader may occasionally be disappointed to find an unanswered question The editors authors and contributors ask for patience as the reader tries to find specific answers to questions which would not have been posed ten years ago Case law is generally sparse in these countries legal reforms are recent and therefore the legal writing is limited and does not cover the entire array of questions that may arise The book is an indispensable reference and guide for arbitrators and party representatives who are engaged in arbitrations in the region Publisher s website [Czech Republic](#) Heather Docalavich, 2014-09-29 The Czech Republic is one of the newest countries in the world It s also new to the EU it joined in 2004 People have lived in what we now call the Czech Republic for thousands of years however This land has a long history and is moving forward while dealing with challenges like the recent global recession Discover more about this exciting modern nation **Minerals Yearbook** ,1999 **Czech Republic - Culture Smart!** Culture Smart!, Kevan Vogler, 2022-04-14 Don t just see the sights get to know the people Many tourists visit the Czech Republic knowing no more about it than that the beer is cheap and the women beautiful That lack of knowledge has led to frustration among Czechs most of whom are very well informed about the world around them Culture Smart Czech Republic informs you about the traditions values and attitudes of a remarkable people It describes Czech life at home and in the workplace and offers practical advice on what to expect and how to navigate different social situations The real rewards will come to the visitor who goes beyond the reserve to explore the complex corners of the Czech soul Have a richer and more meaningful experience abroad through a better understanding of the local culture Chapters on history values attitudes and traditions will help you to better understand your hosts while tips on etiquette and communicating will help you to navigate unfamiliar

situations and avoid faux pas      **Culture and Customs of the Czech Republic and Slovakia** Craig Cravens,2006-08-30  
The Czech Republic is a red hot European destination and the charms of Slovakia are slowly being discovered by Westerners as well The two countries share fundamental similarities in language and culture but they never really managed to create a common national Czechoslovak identity after being merged in 1918 when the Austro Hungarian Empire collapsed With the lifting of the Iron Curtain in 1989 through the Velvet Revolution and the final breakup of Czechoslovakia in to two countries in 1993 this up to date substantive insight is much needed This volume overviews the current social cultural and political scene of both countries so that general readers come away with a solid understanding of where the Czechs and Slovaks have been and where they are going The land people and history chapter lays the groundwork for the rest of the narrative In the chapter on religion and thought the reasons for the widespread atheism of the Czechs and the contrasting religiosity of the Slovaks are explained Both peoples are shown to have relaxed attitude toward life and a love of celebrations with a strong beer culture The state of women and family and feminism in the post Soviet era is also discussed and readers will learn about the role of romance novels and the Czech Cosmopolitan The literature chapter emphasizes the Czech sense of humor and the lack of translations of Slovakian works The crises in journalism and cinema are other important topics Finally the strong traditions of theater and music which have always been part of the Czech national consciousness are seen to be as alive and vibrant as in any place in the world      *Library of Congress Subject Headings* Library of Congress,Library of Congress. Subject Cataloging Division,Library of Congress. Office for Subject Cataloging Policy,2013      **THE CZECH REPUBLIC'S COMMERCIAL BANK: KOMERCNI BANKA** EDWARD A. SRIYDER AND ROGER C. KORMENDI,1996      *Library of Congress Subject Headings* Library of Congress. Cataloging Policy and Support Office,2013      Czech Republic in Pictures Stacy Taus-Bolstad,2003-01-01 Describes the geography history government economy people and cultural life of the Czech Republic      Defining the Sovereign Community Nadya Nedelsky,2009-07-03 Defining the Sovereign Community asks why the two nations have defined sovereignty so differently and what impact these choices have had on individual and minority rights and participation      **Environment and Democracy in the Czech Republic** Adam Fagan,2004-01-01 the book s contents will appeal to academics working within the fields of environmental politics or central and east European studies as well as to political or social scientists with an interest in SMO development David Benson Environmental Politics Environment and Democracy in the Czech Republic is a succinct well written and scrupulously researched book Sean Hanley Europe Asia Studies this book provides a well researched survey of the development of the environmental movement in the Czech Republic and of its role in relation to the democratic transition process For scholars and students looking at environmental politics in Central and Eastern Europe it provides a wealth of information that will be useful in conducting comparative studies Alberto Costi European Environment Fagan has written a well researched analysis of the evolving role and status of Czech EMOs since the overthrow of communism John M Kramer Slavic Review This volume presents an original

study of the development of the environmental movement in the Czech Republic particularly in relation to the democratic transition process It offers a broad historical analysis of the evolution of the movement through the 1990s to the present day and presents rich case studies on a number of environmental organisations The detailed empirical work reveals interesting insights into the character of contemporary Czech politics and the difficulties faced by the environmental movement This is a well researched and well written piece of work which will make a valuable contribution to the existing literature James Meadowcroft University of Sheffield UK Since a handful of environmental activists helped to bring down the communist regime in Czechoslovakia the arena of environmental politics has offered a valuable lens on the transition process providing a unique insight into the contradictory and highly contingent relationship between democratisation and neo liberalism Environment and Democracy in the Czech Republic offers a radical perspective on the democratisation process revealing the extent to which the consolidation of a politically efficacious and diverse civil society is far more complex than the earlier generation of commentators acknowledged The environmental movement has not flourished under political democracy its radical activists have been marginalized and targeted by the state their ideologies and strategies compromised and their critical voice silenced Yet the book concludes that whilst the mainstream environmental movement has become institutionalised and appears incapable of representing community interests the environmental issue retains the capacity to mobilise this time against the neo liberal agenda of the democratic government This definitive account of the evolution of the Czech environmental movement since 1990 offers a radical evaluation of the institutions and practice of political democracy and challenges some of the certainties of social movement theory Although focused on the Czech Republic the book will undoubtedly contribute to a better understanding of the role of environmental movements within contemporary politics throughout the world It will be welcomed by political and social scientists with an interest in Central and Eastern Europe and academics and students with an interest in environmental politics

**NATO and the Czech and Slovak Republics** Jeffrey Simon,2004 This is the second of three books by Jeffrey Simon on emerging post communist countries to recently join NATO As with the previous volume Hungary this book represents a tremendous amount of first hand research grounded in primary source material and personal interviews with key civil and military leaders Visit our website for sample chapters

*Czech Republic* Charlotte Guillain,2012 Describes the geography history government economy people lifestyle religion language arts leisure festivals and food of the Czech Republic

## Reviewing **Czech Republic**: Unlocking the Spellbinding Force of Linguistics
