Czechoslovakia Josef Gruber,1924 **The Story of Czechoslovakia** Josef Pešek,1930 *The Czech And Slovak Republics* Carol Leff,2018-02-15 This clear objective introduction to the politics of Czechoslovakia and the successor Czech and Slovak Republics provides a comprehensive analysis of Czechoslovakia in the postcommunist period Carol Leff builds a framework for understanding the dynamics of the triple transition democratization marketization and a national transformation that has reconfigured the dynamic between state and nation She shows how the interaction of these three transformational agendas has shaped Czechoslovakia s development ultimately culminating in the paradoxical disintegration of a state that most of its citizens wished to preserve The book offers a valuable case study of a country coming back to Europe but it also provides an opportunity for analyzing the influence of communism on what had been a significant interwar European state The book s strong comparative element will make it invaluable as well for those seeking to understand contemporary Central and Eastern Europe **The Czechoslovak Review** ,1923 *The Czechoslovak Review* Jaroslav F. Smetanka,E. F. Prantner,1923 **The Year-book of the Czechoslovak Republic** Czechoslovakia,1929 *Masaryk of Czechoslovakia* Donald Alexander Lowrie,1930 *The Territorial Management of Ethnic Conflict* John Coakley,2004-08-02 The object of this book is to look at the manner in which states attempt to cope with ethnic conflict through territorial approaches This revised edition has new chapters covering Northern Ireland South Africa and Yugoslavia *Apology and Reconciliation in International Relations* Christopher Daase,Stefan Engert,Michel-André Horelt,Judith Renner,Renate Strassner,2015-08-27 This book looks into the role and effects of public apologies in international relations It focuses on two major questions why and when do states issue apologies for historic crimes and how and under what conditions are these apologies successful in remedying conflictive relationships In recent years we have witnessed an unseen popularity of apologies with numerous politicians managers and clergymen being eager to apologise and atone for the wrong doings of their countries or institutions Public apologies thus are a new and highly interesting while nevertheless still puzzling phenomenon the precise role and meaning of which in international politics remains to be explored This book sets out to do exactly this Focusing in particular on state apologies it assembles twelve detailed empirical case studies which deal with the two questions raised above In the first part the case studies reconstruct the processes in which state representatives react to calls for public atonement and in the second part the case studies explore the reactions to the apology and evaluate signs for its success or failure All case studies are based on a theoretical framework which is outlined in the introduction to the book and helps develop tentative assumptions about the emergence and the effects of state apologies drawing on different strands of literature such as political science philosophy sociology or psychology This work will be of great interest to students and scholars of conflict reconciliation international relations and transitional justice **Wilson's Principles in Czechoslovak Practice** Michael Yuhasz,1929 [The Builder](#) ,1930 **Welcome to Czechoslovakia** ,1978 **A Picture of World**
