Dada Presentism Maria Stavrinaki, 2016-04-20 Dada is often celebrated for its strategies of shock and opposition but in *Dada Presentism* Maria Stavrinaki provides a new picture of Dada art and writings as a lucid reflection on history and the role of art within it The original Berlin based Dadaists acute historical consciousness and their modern experience of time she contends anticipated the formulations of major historians such as Reinhart Koselleck and more recently Fran ois Hartog The book explores Dada temporalities and concepts of history in works of art artistic discourse and in the photographs of the Berlin Dada movement These photographs including the famous one of the First International Dada Fair are presented not as simple transparent documents but as formal deployments conforming to a very concrete theory of history This approach allows Stavrinaki to link Dada to more contemporary artistic movements and practices interested in history and the archive At the same time she investigates what seems to be a real oxymoron of the movement its simultaneous claim to the ephemeral and its compulsive writing of its own history In this way *Dada Presentism* also interrogates the limits between history and fiction

Seven Dada Manifestos and Lampisteries Tristan Tzara, 2018-06-21 This volume contains Tristan Tzara s famous manifestos which first appeared between 1916 and 1921 and became essential texts of the modern movement and models for Breton s Surrealist manifestos Art for Tzara was both deadly serious and a game and the playfulness of his character is apparent not only in his polemic which often uses dadaist typography but in the delightful drawings contributed by Francis Picabia In addition this volume also contains Tzara s Lampisteries articles that throw light on various art forms contemporary with his own work at a time when art weary of the old certainties turned into subjective and often abstract forms favouring the reality of the mind over that of the senses

"The" DADA Movement Marc Dachy, 1990

Dada Hans Richter, 2016-11-22 One of the best and most consistently interesting documents on this extraordinary movement that has been published *The Sunday Times* Where and how Dada began is almost as difficult to determine as Homer s birthplace writes Hans Richter the artist and filmmaker closely associated with this radical movement from its earliest days Here he records and traces Dada s history from its inception in wartime Zurich to its collapse in Paris in the 1920s when many of its members joined the Surrealist movement to the present day when its spirit reemerged in the 1960s in movements such as Pop Art This absorbing eyewitness narrative is enlivened by extensive use of Dada documents illustrations and texts by fellow Dadaists To celebrate one hundred years of Dada Thames Hudson is reissuing this unique document exactly as it first appeared in an expanded centenary edition This edition features a new introduction telling the story of how the book came about and an extended commentary that identifies Richter s sources and brings the study up to date for a new generation of readers

Dada Magazines Emily Hage, 2020-12-24 Dada magazines made Dada what it was diverse non hierarchical transnational and defiant of the most fundamental artistic conventions This first volume entirely devoted to Dada periodicals retells the story of Dada by demonstrating the centrality of

these graphically inventive provocative periodicals Dada New York Dada Dada Jok and dozens more that began crossing enemy lines during World War I The book includes magazines from well known Dada cities like New York and Paris as well as Zagreb and Bucharest and reveals that Dada continued to inspire art journals into the 1920s Anchored in close material analysis within a historical and theoretical framework Dada Magazines models a novel multifaceted methodology for assessing many kinds of periodicals The book traces how the Dadaists Marcel Duchamp Tristan Tzara Dragan Aleksic Hannah Hoch and many others compiled printed distributed and exchanged these publications At the same time it recognizes the journals as active agents that engendered the Dada network and its thematic chronological structure captures the constant exchanges that took place in this network With in depth scrutiny of these magazines and 1970s Dadazines inspired by them Dada Magazines is a vital source in the histories of art and design periodical studies and modernist studies [The Music of Dada](#) Peter Dayan,2018-08-06 100 years after the Dada soir es rocked the art world the author investigates the role that music played in the movement Dada is generally thought of as noisy and unmusical but The Music of Dada shows that music was at the core of Dada theory and practice Music by Schoenberg Satie and many others performed on the piano played a central role in the soir es from the beginnings in Zurich in 1916 to the end in Paris and Holland seven years later The Music of Dada provides a historical analysis of music at Dada events and asks why accounts of Dada have so consistently ignored music s vital presence The answer to that question turns out to explain how music has related to the other arts ever since the days of Dada The music of Dada is the key to understanding intermediality in our time [Encyclopedia of German Literature](#) Matthias Konzett,2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the Encyclopedia of German Literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and English language translations All entries conclude with a list of further readings [Dada Data](#) Sarah Hegenbart,Mara-Johanna Kölmel,2023-02-09 What is the relevance of Dada and its artistic strategies in our current moment one marked by post truth politics information floods and big data How can contemporary art highlight the neglected nuances of cultural representation in the present day While it may feel like we are living in a period of anomaly with the rise of the alt right this book shows how the Dada movement s artistic response to the aggressive nationalism and fascism of its time offers a fruitful analogy to our contemporary era Dada s counter cultural strategies such as the distortion of reality and attacks on elites and rationality have long been endorsed by artistic avantgardes and subcultures Dada Data details how modern day movements have appropriated such tactics in their ways of addressing the

public both on and offline Bringing together contributions from interdisciplinary scholars curators and artists working in global contexts that explore an array of artistic modes of persuasion and resistance the book demonstrates how contemporary art can bring out neglected nuances of our post truth moment In linking the Dada movement s counter cultural activities to modern phenomena such as post internet art information floods and big data mining the book collates original propaganda with diverse artwork from such figures as Hannah Hoch Paula Rego Tschabalala Self Sheida Soleimani and South African artists donna Kukama and Kemang Wa Lehulere In doing so Dada Data brings together a rich scrapbook of Dada resources and perspectives that are highly relevant to present day political concerns With artistic contributions by IOCOSE donna Kukama Kemang Wa Lehulere and Montage Models *The Dada Reader* Dawn Ades,2006 Publisher description
