*Art in Every Day Life* Harriet Irene Goldstein, Vetta Goldstein, 1925      *Imperfectionist Aesthetics in Art and Everyday Life* Peter Cheyne, 2022-12-30 This book presents interdisciplinary research on the aesthetics of perfection and imperfection Broadening this growing field it connects the aesthetics of imperfection with issues in areas including philosophy music literature urban environment architecture art theory and cultural studies The contributors to this volume argue that imperfection has value in being open and inclusive The aesthetics of imperfection is typified by organic unpolished production and the avoidance of perfect finish instead representing living and natural change and opposing the consumerist concern with the flawless and pristine The chapters are divided into seven thematic sections After the first section on imperfection across the arts and culture the next three parts are on imperfection in the arts of music visual and theatrical arts and literature The second half of this book then moves to categories in everyday life and branches this further into body self and the person and urban environments Together the chapters promote a positive ethos of imperfection that furthers individual and social engagement and supports creativity over mere passivity *Imperfectionist Aesthetics in Art and Everyday Life* will appeal to a broad range of scholars and advanced students working in philosophical aesthetics literature music urban environment architecture art theory and cultural studies

*Living Art* Elly Kent, Virginia Hooker, Caroline Turner, 2022-11-08 *Living Art* Indonesian Artists Engage Politics Society and History is inspired by the conviction of so many of Indonesia's Independence era artists that there is continuing interaction between art and everyday life In the 1970s Sanento Yuliman Indonesia's foremost art historian

of the late twentieth century further developed that concept stating New Indonesian Art cannot wholly be understood without locating it in the context of the larger framework of Indonesian society and culture and the whole force of history The essays in this book accept Yuliman s challenge to analyse the intellectual sociopolitical and historical landscape that Indonesia s artists inhabited from the 1930s into the first decades of the new millennium including their responses to the COVID 19 pandemic The inclusion of one of Yuliman s most influential essays translated into English for the first time offers those outside Indonesia an insight into a formative period in the generation of new art knowledge in Indonesia The volume also features essays by T K Sabapathy Jim Supangkat Alia Swastika Wulan Dirgantoro and FX Harsono as well as the three editors Elly Kent Virginia Hooker and Caroline Turner The book s contributors present recent research on issues rarely addressed in English language texts on Indonesian art including the inspirations and achievements of women artists despite social and political barriers Islam inspired art artistic ideologies the intergenerational effects of trauma and the impacts of geopolitical change and global art worlds that emerged in the 1990s The Epilogue introduces speculations from contemporary practitioners on what the future might hold for artists in Indonesia Extensively illustrated Living Art contributes to the acknowledgement and analysis of the diversity of Indonesia s contemporary art and offers new insights into Indonesian art history as well as the contemporary art histories of Southeast Asia and Asia more generally
