Dark Gaze:

The Dark Gaze Elda Tanasso,1944 **Dante and the Sense of Transgression** William Franke,2012-11-22 In Dante and the Sense of Transgression William Franke combines literary critical analysis with philosophical and theological reflection to cast new light on Dante's poetic vision Conversely Dante's medieval masterpiece becomes our guide to rethinking some of the most pressing issues of contemporary theory Beyond suggestive archetypes like Adam and Ulysses that hint at an obsession with transgression beneath Dante's overt suppression of it there is another and a prior sense in which transgression emerges as Dante's essential and ultimate gesture His work as a poet culminates in the Paradiso in a transcendence of language towards a purely ineffable mystical experience beyond verbal expression Yet Dante conveys this experience nevertheless in and through language and specifically through the transgression of language violating its normally representational and referential functions Paradiso's dramatic sky scapes and unparalleled textual performances stage a deconstruction of the sign that is analyzed philosophically in the light of Blanchot Levinas Derrida Barthes and Bataille as transgressing and transfiguring the very sense of sense Orientalism and the Reception of Powerful Women from the Ancient World Filippo Carlà-Uhink,Anja Wieber,2020-02-06 Why is Cleopatra a descendent of Alexander the Great a Ptolemy from a Greek Macedonian family in popular imagination an Oriental woman True she assumed some aspects of pharaonic imagery in order to rule Egypt but her Orientalism mostly derives from ancient Roman and modern stereotypes both the Orient and the idea of a woman in power are signs in the Western tradition of otherness and in this sense they can easily overlap and interchange This volume investigates how ancient women and particularly powerful women such as queens and empresses have been reimagined in Western and not only Western arts highlights how this reimagination and revisualization is more often than not the product of Orientalist stereotypes even when dealing with women who had nothing to do with Eastern regions and compares these images with examples of Eastern gaze on the same women Through the chapters in this volume readers will discover the similarities and differences in the ways in which women in power were and still are described and decried by their opponents The Book of Sorrow Sir Andrew Macphail,1916 Black Bodies, White Gazes George Yancy,2025-07-10 George Yancy's third edition deconstructs and analyzes the phenomenon of race as it has played out in American hearts and headlines Including coverage of the murder of George Floyd rampant police brutality the Black Lives Matter movement and the rise of white nationalism this is a timeless introduction to the philosophy of race

The Freelands John Galsworthy,1915 The lot of the farm worker in the employ of the gentry Over the Border. A Novel Herman Whitaker,1924 **Charles Dickens in Love** Robert Garnett,2012-12-04 In celebration of the bicentennial of Charles Dickens's birth here is Dickens as you have never seen him before an intimate and engaging portrait of the great author and the women he loved To conceal anything from those to whom I am attached is not in my nature I can never close my lips where I have opened my heart Charles Dickens When Charles Dickens died in 1870 he was the best known man in the

English speaking world the preeminent Victorian celebrity universally mourned as both a noble spirit and the greatest of novelists Yet when the first person named in his will turned out to be an unknown woman named Ellen Ternan only a handful of people had any idea who she was Of his romance with Ellen Dickens had written it belongs to my life and probably will only die out of the same with the proprietor and so it was until his death she remained the most important person in his life She was not the first woman who had fired his imagination As a young man he had fallen deeply in love with a woman who pervaded every chink and crevice of his mind for three years Maria Beadnell and when she eventually jilted him he vowed that I never can love any human creature but yourself A few years later he was stunned by the sudden death of his young sister in law Mary Scott Hogarth and worshiped her memory for the rest of his life I solemnly believe that so perfect a creature never breathed he declared and when he died over thirty years later he was still wearing her ring Charles Dickens has no rival as the most fertile creative imagination since William Shakespeare and no one influenced his imagination more powerfully than these three women his muses and teachers in the school of love Using hundreds of primary sources Charles Dickens in *Love* narrates the story of the most intense romances of Dickens s life and shows how his novels both testify to his own strongest affections and serve as memorials to the young women he loved all too well if not always wisely
