Darkest Instinct:

Darkest Instinct Robert W. Walker, Stephen R. Walker, 2013-10-25 The body parts were first discovered in the bellies of sharks Marine scientists in the Florida Keys insist sharks rarely dine on live humans so there can be only one explanation They were dead before they hit the water Dr Jessica Coran knows why They call him the Night Crawler And he s out there riding the tides with his victims feeding the waves after his own perverse hungers are satisfied But when similar murders surface in London on the Thames River Jessica faces double jeopardy One killer Or two **Darkest Instinct** Robert W. Walker, 1996 Bloodscripts Elana Gomel, 2003 We live in an increasingly violent world From suicide terrorists to serial killers violent subjects challenge our imaginations We seek answers to our questions on this subject in literature cinema and electronic media In Bloodscripts Elana Gomel examines how popular culture narratives construct violent subjectivity Using such various narratives as mystery horror detective and fantasy fiction as well as accounts of the atrocities perpetuated by serial killers and the Holocaust Bloodscripts offers a new map of the genres of violence and links the twin obsessions of postmodern culture crime and genocide Bloodscripts is a stimulating original and accessible account of the narrative construction of the violent subject It proposes a narrative model that will be of interest to literary critics cultural scholars criminologists and anyone trying to understand the role of violence in postmodern culture *Extreme Instinct* Robert W. Walker, 1998 Jessica Coran faces a murderer paving a path of terror from Arizona to Montana He ties his victims down drowns their sins in gasoline and cleanses them with flame He is on a Satanic mission and only by stepping into the fire can Jessica stop him **These Guns for Hire** J. A. Konrath, Joe Konrath, 2006 They have a combined total of 500 million book sales and have won every possible award in the mystery thriller and dark fiction genres Thirty original hitman stories by today s modern masters Noir Wise guys Sex Freelance assassins Humor Violence Femme fatales Amateurs Horror Surprise twists Hardboiled Get ready for some wet work **Mystery Women, Volume Three (Revised)** Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more

than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 [The Last Life of Sapphire](#) E.J.A. Dystopia(n) Matters Fátima Vieira,2013-07-16 The volume is divided into two parts separated by an Intermezzo The first part Dystopia Matters benefits from the contribution of reputed scholars of the field of Utopian Studies who were asked to make a statement explaining why dystopia is important The Intermezzo completes this part and offers the reader an informed discussion of the concepts of utopia dystopia and anti utopia whilst providing ground for the case studies presented

in the second part in the sections devoted to literature film and theatre In one way or another despite the variety of approaches all contributors argue for the idea that if dystopia has invaded most forms of contemporary discourse its sibling utopia has not been eradicated from the scene Furthermore the studies show that the tension between the two concepts is instrumental to our cautious conscious and tentative construction of the future
