Iain Robert Smith, 2017-03-08 What happens when a film is remade in another national context How do notions of translation adaptation and localisation help us understand the cultural dynamics of these shifts and in what ways does a transnational perspective offer us a deeper understanding of film remaking Bringing together a range of international scholars

*Transnational Film Remakes* is the first edited collection to specifically focus on the phenomenon of cross cultural remakes Using a variety of case studies from Hong Kong remakes of Japanese cinema to Bollywood remakes of Australian television this book provides an analysis of cinematic remaking that moves beyond Hollywood to address the truly global nature of this phenomenon Looking at iconic contemporary titles such as *The Girl with the Dragon Tattoo* and *Oldboy* as well as classics like *La Bete Humaine* and *La Chienne* this book interrogates the fluid and dynamic ways in which texts are adapted and reworked across national borders to provide a distinctive new model for understanding these global cultural borrowings
