Das Finnische Freiwilligenbataillon Der Waffenb:

The Finnish Volunteer Battalion of the Waffen SS Wilhelm Tieke,2025-01-30 The Finnish Volunteer Battalion of the Waffen SS had a unique history serving with distinction in southern Russia before being recalled to fight against Soviet forces The Finnish Volunteer Battalion of the Waffen SS was a formation with a very unique history Its members volunteered and were spirited out of Finland to Germany under watchful Russian eyes Unlike other legions from various countries the battalion did not fight until the end of the war In fact upon its return home its soldiers were immediately drafted into the Finnish army and fought against the Soviets When Finland sued for peace former Finnish SS men fought against German troops as they retreated from Finland The Battalion joined the SS Wiking Division in January 1942 and fought in southern Russia and the Caucasus until its mission ended in April 1943 With its soldiers badly needed on the home front it was recalled due to intense pressure from the Finnish government The battalion served with great sacrifice and proved itself worthy of being a part of one of Germany s elite divisions

Historians at the Frankfurt Auschwitz Trial Mathew Turner,2018-08-30 The Frankfurt Auschwitz trial was a milestone event in West German history Between 1963 and 1965 twenty two former Auschwitz personnel were tried in Frankfurt am Main It was a trial that saw the engagement of four of the nation s leading historians as expert witnesses Martin Broszat Hans Buchheim Helmut Krausnick and Hans Adolf Jacobsen appointed by the prosecution to give evidence pertaining to the historical and organisational context of the Holocaust Following the trial the reports of these historians were published in a bestselling book *Anatomie des SS Staates Anatomy of the SS State* and Mathew Turner here investigates the relationship between the trial and this publication In recent years more attention has been paid to the intersection between history and law that accompanies historians entry into the courtroom Very little however has been written about this intersection with a focus on a single case study Based on original research in several German archives and first hand interviews Turner addresses these connections through a study of West Germany s most famous trial and the monumental work of history produced from the engagement of historical expertise in court **Waffen-SS Military Units in Estonia, Croatia and the**

There is still a widespread assumption that the Second World War was won in the West when in fact the tide was first turned on the Eastern front This book written by two internationally known experts on the subject argues that Hitler s Ostkrieg was the central event of the global conflict between the Allies and the Axis powers However this is much more than a traditional military political history it deals with Nazi crimes and economic exploitation with the psychological war No less significantly this volume provides a guide to the extensive literature on the war in the East including largely unknown Soviet writing on the subject Indispensable for military historians but also for all scholars who approach this crucial period in world history from a socio economic or cultural perspective **The Journal of Historical Review** David McCalden,Theodore J.

Vikings Richard Landwehr,1999 The Estonian SS Frewilligen Panzergrenadier Bataillon Narwa was the first and best fighting unit fielded by this small Baltic nation as part of the German led crusade against Communism Fully motorized and equipped with heavy support weapons it was able to take its place in the ranks of the multinational SS Wiking Division Because of cultural persecution the Estonians had good reason to take up arms against Stalin and the unit contained both professional soldiers and those who had education above High School The Estonians proved to be worthy successors to the Finns who they replaced at the front showing both tenacity and fortitude in the face of an ancestral foe In one battle alone they inflicted 7 000 casualties on the Red army and destroyed nearly 100 tanks
