D.J. Opperman A P. Grove,1974 New Dictionary of South African Biography E. J. Verwey,1995 This series of publications aims to fill the gaps in our history highlighting in particular the significant roles played by black leaders from all walks of life **A Necklace of Springbok Ears** Helize van Vuuren,2016-05-30 Where once there were twenty nine San Bushman languages and or dialects in Southern Africa few now remain The loss of these languages results in the loss of their stored oral culture and indigenous knowledge All that remains are archaeological evidence and rock art or slim archives recorded by individuals such as Wilhelm Bleek Lucy Lloyd and GR von Wielligh who heard the encroaching language and cultural death knell before it was too late The contents of this study hang together as in a necklace of springbok ears The last dancing rattle and necklace has long since crumbled to dust Yet the binding string serves as a useful metaphor for the literary texts discussed here and their relation to the culture of the First People The cosmology embedded in the Xam myths as recorded by Von Wielligh between the Cederberg and the Gariiep or Orange River seems to share much with contemporary consciousness in order to survive humankind needs to recognise the interdependence of all life Leadership ,1987
