## Duarte My Story:

Duarte José Napoleón Duarte, Diana Page, 1986 Occasionally in a nation's history a leader of exceptional ability arises at a moment of crisis and changes that nation's destiny Jose Napoleon Duarte the first truly elected president of El Salvador is such a man And the history he is making is the establishment of democracy in an impoverished communist threatened Central American country This is Duarte's own book the full candid emotional autobiography of his twenty five year struggle against the two tyrannies that threaten his people the violent Marxist guerrillas and the extreme Right both fighting to turn back the clock

Looking for Love in Strange Places: A Memoir for My Stepdaughters Diana Page, 2016-02-18 Back in 1968 Diana Page was going to graduate from the University of Michigan without much hope for marriage or a career She didn't have a boyfriend so a prospective husband was unlikely to materialize before the semester ended and a bachelor's in political science wasn't going to make her easily employable The solution Join the Peace Corps where she could help change the world and possibly meet a guy who shared her values Thus began Diana's adventures Her travels as a journalist and diplomat took her down the dangerous roads of Latin American history from the 1960s into the twenty first century With excerpts from diaries letters and news articles she weaves together a narrative of war and peace presidents and peasants but mostly of ordinary people who teach her about life She also runs into a few extraordinary people along the way Fidel Castro Isabel Peron Pele Jorge Luis Borges and Hilary Clinton among others Looking for Love in Strange Places A Memoir for My Stepdaughters is a hopeful humorous account of what happens when you seize the day without too many expectations for the future

Revolution In El Salvador Tommie Sue Montgomery, 2018-02-23 Since the first edition of this book appeared in 1982 El Salvador has experienced the most radical social change in its history Ten years of civil war in which a tenacious and creative revolutionary movement battled a larger better equipped US supported army to a standstill have ended with 20 months of negotiations and a peace accord that promises to change the course of Salvadorean society and politics This book traces the history of El Salvador focusing on the oligarchy and the armed forces that shaped the Salvadorean army and political system Concentrating on the period since 1960 the author sheds new light on the US role in the increasing militarization of the country and the origins of the oligarchy army rupture in 1979 Separate chapters deal with the Catholic church and the revolutionary organizations which challenged the status quo after 1968 In the new edition Dr Montgomery continues the story from 1982 to the present offering a detailed account of the evolution of the war She examines why Duarte's two inaugural promises peace and economic prosperity could not be fulfilled and analyzes the electoral victory of the oligarchy in 1989 The final chapters closely follow the peace negotiations ending with an assessment of the peace accords and evaluate the future prospects for El Salvador and for the 1994 elections

Bullets Not Ballots Jacqueline L. Hazelton, 2021-05-15 In *Bullets Not Ballots* Jacqueline L Hazelton challenges the claim that winning hearts and minds is critical to successful counterinsurgency campaigns Good governance this conventional wisdom holds gains the besieged

government popular support denies support to the insurgency and makes military victory possible Hazelton argues that major counterinsurgent successes since World War II have resulted not through democratic reforms but rather through the use of military force against civilians and the co optation of rival elites Hazelton offers new analyses of five historical cases frequently held up as examples of the effectiveness of good governance in ending rebellions the Malayan Emergency the Greek Civil War the Huk Rebellion in the Philippines the Dhofar rebellion in Oman and the Salvadoran Civil War to show that although unpalatable it was really brutal repression and bribery that brought each conflict to an end By showing how compellence works in intrastate conflicts *Bullets Not Ballots* makes clear that whether or not the international community decides these human moral and material costs are acceptable responsible policymaking requires recognizing the actual components of counterinsurgent success and the limited influence that external powers have over the tactics of counterinsurgent elites *Don Duarte's treasure* Henry Anderson Bryden,1904 *Peace Corps Times* ,1986 **ISLA** ,1990 Clippings of Latin American political social and economic news from various English language newspapers
