## **Dublin One Thousand Years Of Wood Quay:**

**Dublin** Jonathan Bardon, Stephen Conlin, 1984      **Wood Quay** Thomas F. Heffernan, 2014-07-03 An urban archaeologist working anywhere in the world can imagine this scenario armed with a small digging tool and a soft brush the archaeologist stands at a freshly cut trench facing off a construction crew driving bulldozers At stake is the past the discovery and preservation of our history Across the gap is the future progress and new buildings for a modern world A battle ensues It happened in Dublin in the early 1960s While investigating and salvage excavating the site for a new municipal office complex archaeologists made one of the most important and exciting discoveries in Ireland s history Buried beneath the present day city of Dublin was the original Viking settlement from the ninth or tenth century in an extraordinary state of preservation houses undecayed wood domestic furniture jewelry toys tools works of art coins plots paths a veritable map of the medieval town Because of its impressive size and state of preservation the site known as Wood Quay was not an ordinary kind of archaeological discovery nor was the battle that followed typical What made Wood Quay unique was that its defender was not the archaeological authority the National Museum of Ireland as is usually the case but rather a spontaneously formed movement of thousands of Dubliners While the museum was ready to turn the site over to the city s developers after routine salvage work had been done a group of prominent literary and political figures seized Wood Quay holding it for almost a month and preventing bulldozers from moving in Realizing the significance of the find the people of Dublin took charge and kept the builders at bay for eight years At the same time they were able to press the museum to return to its archaeological work there Archaeologists ultimately were able to complete good maps of a large portion of the site and recover between one and two million artifacts Today the completed Dublin civic office complex stands on the Wood Quay site fully landscaped and without a trace of the archaeological gold mine that once lay buried below What does remain however is the memory of the powerful impact the citizens of Dublin had in demanding and establishing the connection through Wood Quay to their medieval roots Of interest to archaeologists historic preservationists and city planners alike this fascinating and beautifully written account will also engage the general reader      **A History of Ireland in 100 Episodes** Jonathan Bardon, Fergal Tobin, 2023-10-26 This authoritative and comprehensive history of Ireland covers the entire history of the island from the Ice Age to the peace process in 100 short episodes In this thoughtful analysis of Irish society Bardon integrates the significant cultural and literary history of Ireland with its political and social past Based on the hugely popular BBC radio series A Short History of Ireland each episode stands alone providing a snippet of Irish history in five minutes reading In turn to read each episode in sequence from beginning to end provides a magisterial history of Europe s most western land      **A History of Ireland in 250 Episodes - Everything You've Ever Wanted to Know About Irish History** Jonathan Bardon, 2008-10-31 THE ONLY BOOK ON IRISH HISTORY YOU LL EVER NEED From invasions to rebellions heroic martyrs to pragmatic politicians industrial development to mass emigration A History of Ireland in 250 Episodes by renowned Irish historian

Jonathan Bardon will take you on a sweeping journey through Irish history getting behind the historical headlines to reveal the lived experience of Irish people. Written in easy to read bite-size episodes Bardon's original and engaging style will make you feel as though you're alongside William Smith O'Brien and his rebels at the Battle of Widow McCormack's Cabbage Patch, traversing the country to banish snakes and convert Celts with St Patrick and feasting with the Spanish Armada's Captain Francisco de Cuellar and his wild Irish hosts. From taking up arms with the United Irishmen at Vinegar Hill to standing in solidarity with the workers of the Dublin 1916 Lockout, *A History of Ireland in 250 Episodes* will take you right to the heart of Irish history. Featuring a cast of characters that leap off the page from the well-known like the hero of the War of Independence Michael Collins to the quirky such as Susannah Cibber the first soprano to sing Handel's Messiah, *A History of 250 Episodes* will thrill, excite, and inform you from start to finish. Whether you dip in and out of episodes or devour it from cover to cover, Bardon's must-have book will teach you everything you've ever wanted to know about Irish history and much much more beyond.

**The Linen Hall Review**, 1984      **1014: Brian Boru & the Battle for Ireland** Morgan Llywelyn, 2020-03-18

A deftly written history that reads as smoothly as a novel. *Midwest Book Review*. In life the eleventh-century Irish king Brian Boru held the Vikings at bay; in death he remains a towering presence in history and legend. A thousand years have passed since the Battle of Clontarf, a turning point in Irish history in which two centuries of strife between Irish kings and Vikings climaxed in a fateful conflict in the swamps of Dublin. This fascinating survey explores the personalities on both sides and provides a vivid, accessible account of the historic clash. Morgan Llywelyn, author of the bestselling *Lion of Ireland*, ranks among the world's most successful and respected historical novelists writing about Ireland and Celtic culture. With this book she departs from fiction to transmit decades of research into a page-turning exploration of a warrior king's life, loves, and battles, bringing the facts to life with a novelist's eye for detail and drama. Llywelyn's account is one of the most readable and dramatic on the subject. She brings the complexities of the Irish chieftain and inheritance systems to life and shows us how decisive the famous battle turned out to be.

**Irish Voice: The Annals of Dublin** Edward Eugene O'Donnell, Frank Browne, 2008

The *Annals of Dublin* consists of a chronology of the history of Dublin from the earliest known sources to the current day. As well as historical information, there is a focus on interesting characters and events to make this an engaging read. The text is accompanied by some of the finest Father Brown photographs many never seen before in print.

[Exploring Ireland's Viking-Age Towns](#) Rebecca Boyd, 2023-10-20

*Exploring Ireland's Viking Age Towns* discusses the emergence of towns, urban lifestyles, and urban identities in Ireland. This coincides with the arrival of the Vikings and the appearance of the post-and-wattle Type 1 house. These houses reflect this crucial transition to urban living with its attendant changes for individuals, households, and society. *Exploring Ireland's Viking Age Towns* uses household archaeology as a lens to

explore the materiality variability and day to day experiences of living in these houses It moves from the intimate scale of individual households to the larger scale of Ireland s earliest urban communities For the first time this book considers how these houses were more than just buildings they were homes important places where people lived worked and died These new towns were busy places with a multitude of people ideas and things This book uses the mass of archaeological data to undertake comparative analyses of houses and properties artefact distribution patterns and access analysis studies to interrogate some 500 Viking Age urban houses This analysis is structured in three parts an investigation of the houses the households and the town Exploring Ireland s Viking Age Towns discusses how these new urban households managed their homes to create a sense of place and belonging in these new environments and allow themselves to develop a new urban identity This book is suited to advanced students and specialists of the Viking Age in Ireland but archaeologists and historians of the early medieval and Viking worlds will find much of interest here It will also appeal to readers with interests in the archaeology of house and home households identities and urban studies
