DeBenedictis, 2021-11-04 Western academics politicians and military leaders alike have labelled Russia's actions in Crimea and its follow on operations in Eastern Ukraine as a new form of Hybrid Warfare In this book Kent DeBenedictis argues that despite these claims the 2014 Crimean operation is more accurately to be seen as the Russian Federation's modern application of historic Soviet political warfare practices the overt and covert informational political and military tools used to influence the actions of foreign governments and foreign populations DeBenedictis links the use of Soviet practices such as the use of propaganda disinformation front organizations and forged political processes in the Crimea in 2014 to the Warsaw Pact invasion of Czechoslovakia in 1968 the Prague Spring and the earliest stages of the invasion of Afghanistan in 1979 Through an in depth case study analysis of these conflicts featuring original interviews government documents and Russian and Ukrainian sources this book demonstrates that the operation which inspired discussions about Russian Hybrid Warfare is in fact the modern adaptation of Soviet political warfare tools and not the invention of a new type of warfare **36**

Stratagems Plus S. T Douglas S. Tung and Teresa K. Tung, Douglas S. Tung, 2010-03 He who knows not the stratagems is respectable but he who plays no stratagems in spite of knowing them deserves more respect In 36 Stratagems Plus authors Douglas S Tung and Teresa K Tung provide a unique collection of ancient Chinese tactics that describe some of the cunning and subtle stratagems a strategic plan that contains a trap or a ruse for the enemy Many of these stratagems had their origins in events that occurred during the Warring States Period 475 221 BC and the Three Kingdoms Period 220 280 in China This collection includes sixty stratagems that illustrate the enlightened exploitation of strategic power For each stratagem the Tungs present an eclectic discussion of its theme the classic Chinese case supplemented by two international cases to illustrate the use of these strategic acts by other nationalities They then trace its source which is usually the exploit of some of the Chinese generals statesmen and ordinary people The source may be from The Art of War 36 Stratagems Plus demonstrates that it is not the quantity of stratagems that matter but rather the way in which they are deployed The Westminster Review , 1881 Peace Handbooks Issued by the Historical Section of the Foreign Office Great Britain.
