### BLINK DOG

Blink dogs are as intelligent as humans, having a complex language of barks, yaps, whines, and growls. Their natural enemies are displacer beasts and they will attack them on sight.

Blink dogs run in packs of 4d4 members and each is able to use a form of teleportation — the blink. When attacking, each dog will blink in and out in a random manner, teleporting at the start of each round on a roll of 7 or better on a 12-sided die. If a dog blinks, roll again to determine where it will reappear:

1=in front of opponent,  
2=left side,

3=right side,  
4-12=behind.

Blink dogs will appear within range to attack immediately. They will not teleport into solid objects. If seriously threatened, or if the pack takes 25% casualties, the entire pack will blink away and not return.

If encountered in their lair there is a 50% chance that there will be 3d4 pups (HD 1 or 2; DM 1-2 or 1-3). These pups can sometimes be trained and will sell for 1,000 to 2,000 gold pieces.
