Berit Åström,2017-07-11 This anthology explores the recurring trope of the dead or absent mother in Western cultural  
productions Across historical periods and genres this dialogue has been employed to articulate and debate questions of  
politics and religion social and cultural change as well as issues of power and authority within the family str m seeks to  
investigate the many functions and meanings of the dialogue by covering extensive material from the 1200s to 2014 including  
hagiography romances folktales plays novels children s literature and graphic novels as well as film and television This is  
achieved by looking at the discourse both as products of the time and culture that produced the various narratives and as
