

A painting depicting a man and a woman with a child on a donkey, likely a refugee scene. The man is in the foreground, barefoot, wearing a brown tunic and a wide-brimmed hat, holding a long staff. The woman is behind him, also barefoot, wearing a light-colored shawl and a headscarf, holding a child. The donkey is brown and has a harness. The background is dark and indistinct.

Dutch Reformation A History Of The Story:

The Dutch Republic in the Seventeenth Century Maarten Prak, 2023-01-19 Substantially revised second edition of the leading textbook on the Dutch Republic including new chapters on language and literature and slavery History and Characteristics of the Reformed Protestant Dutch Church David D. Demarest, 1856 **The Dutch Reformation** William Carlos Martyn, 1868 *Radicalism and Dissent in the World of Protestant Reform* VolkswagenStiftung, German Historical Institute, Library, Bridget Heal, Anorthe Wetzel, 2017-04-03 This volume of essays explores the themes of radicalism and dissent within Protestantism The comparisons highlight the contingent nature of particular settlements and narratives and reveal the extent to which the definition of religious radicalism was dependent upon immediate context and show that radicalism and dissent were truly transnational phenomena The historiography of the so called radical reformation has been unduly shaped by the hostile categories imposed by mainstream or magisterial reformers during the sixteenth and seventeenth centuries This volume argues that scholars should adopt an open ended understanding of evangelical reform and recognize that the boundaries between radicalism and its opposite were not always firmly drawn The distinction between the two is an inheritance of the Lutheran Reformation of the 1520s which shaped not only the later course of the Reformation in the Holy Roman Empire but also attitudes towards and writings on religious dissent in the Netherlands and England Radical critique is immanent within mainstream Protestantism in a faith that emphasizes the power of the gospel with its unrelenting demands *The Reformation* Diarmaid MacCulloch, 2005-03-25 The Reformation and Counter Reformation represented the greatest upheaval in Western society since the collapse of the Roman Empire a millennium before The consequences of those shattering events are still felt today from the stark divisions between and within Catholic and Protestant countries to the Protestant ideology that governs America the world's only remaining superpower In this masterful history Diarmaid MacCulloch conveys the drama complexity and continuing relevance of these events He offers vivid portraits of the most significant individuals Luther Calvin Zwingli Loyola Henry VIII and a number of popes but also conveys why their ideas were so powerful and how the Reformation affected everyday lives The result is a landmark book that will be the standard work on the Reformation for years to come The narrative verve of *The Reformation* as well as its provocative analysis of American culture's debt to the period will ensure the book's wide appeal among history readers **The Best Books: F, History and historical biography.
