[The Sexual Politics of Meat - 35th Anniversary Edition](#) Carol J. Adams,2024-12-12 First published in 1990 Carol J Adams revolutionary work has engaged enraged inspired and challenged readers with its exploration of the interplay between society s ingrained cultural misogyny and its obsession with eating animals and masculinity This iconic book referenced in rock songs feminist artwork and even a Law and Order SVU episode continues to change the lives of its readers today Published to celebrate the book s 35th anniversary this Bloomsbury Revelations edition includes a new introduction that reflects on how recent events continue to prove the relevance of this influential work

The Sexual Politics of Meat Carol J. Adams,2015-10-22 Many cultures equate meat eating with virility and in some societies women offer men the best i e bloodiest food at the expense of their own nutritional needs Building upon these observations feminist activist Adams detects intimate links between the slaughter of animals and violence directed against women She ties the prevalence of a carnivorous diet to patriarchal attitudes such as the idea that the end justifies the means and the objectification of others In *Frankenstein* Mary Shelley made her Creature a vegetarian a point Adams relates to the Romantics radical politics and to visionary novels by Charlotte Perkins Gilman Dorothy Bryant and others Adams who teaches at Perkins School of Theology Dallas sketches the alliance of vegetarianism and feminism in antivivisection activism the suffrage movement and 20th century pacifism Her original provocative book makes a major contribution to the debate on animal rights Writer activist university lecturer Adams s important and provocative work

compares myths about meat eating with myths about manliness and explores the literary scientific and social connections between meat eating male dominance and war Drawing on such diverse sources as butchering texts cookbooks Victorian hygiene manuals and Alice Walker the author provides a compelling case for inextricably linking feminist and vegetarian theory This book is likely to both inspire and enrage readers across the political spectrum we learn for example that veal was served at Gloria Steinem s 50th birthday as well as of the atrocities of the slaughterhouse One wishes Adams had been more careful about documenting some of her claims her contention for instance that early humans were entirely vegetarian requires scholarly support Nevertheless this is recommended for both public and academic collections
