*Psychotherapy with Survivors of Sexual Violence* Erene Hadjiioannou,2021-09-21 The role of psychotherapists in creating change for survivors of sexual violence can extend far wider than the rooms in which appointments are provided Psychotherapy with Survivors of Sexual Violence aims to provide psychotherapists with practical guidance that will enable them to work with the prolific societal issue of sexual violence both in the privacy of clinical practice and the wider world as activists Erene Hadjiioannou outlines the components of relational psychotherapy necessary to counter the trauma that brings survivors to services with a particular focus on empowerment and the freedoms that constitute it The book defines the neurophysiological systems involved in surviving traumatic experiences and common psychological presentations including post traumatic stress disorder Hadjiioannou explains the long standing challenges of delivering psychotherapy to survivors who have reported to the police from various perspectives understanding the criminal justice system note keeping and survivors experiences of reporting Barriers to accessing support including myths are examined and the book includes interview quotes from a range of survivors as well as fictional case studies throughout Psychotherapy with Survivors of Sexual Violence will be a key text for psychotherapists of all backgrounds working with survivors and for mental health professionals in training

**Values And Ethics In The Practice of Psychotherapy And Counselling** Fiona Palmer Barnes,Lesley Murdin,2001 The work of every school of psychotherapy and every therapist is inevitably structured by a value system and requires codes of ethics and practice This book addresses the conscious and unconscious aspects of the value

system in which therapists are situated Values and Ethics in the Practice of Psychotherapy and Counselling explores the central issues through the experience of the contributors each of whom is well known in this field Each chapter will raise questions for the reader which will stimulate individual thinking about practice or can form a basis for discussion and debate for training or graduate groups The book is firmly rooted in practice Each chapter deals with a different aspect of the psychotherapist s work beginning with the general underlying principles continuing through matters of technique and on to contextual issues Finally the book moves to the outer world politics and spirituality as ways of connecting inner and outer social and individual The arrangement of chapters allows for flexibility and creativity while providing a coherent structure Values and Ethics in the Practice of Psychotherapy and Counselling is recommended reading for psychotherapists psychoanalysts and counsellors in training and practice

**Good Practice in Supervision with Psychotherapists and Counsellors** Don Feasey, 2002-02 This book places the practice of supervision firmly within the culture of psychotherapy and counselling It suggests and demonstrates through discussion and vignettes the essential relational requirement of good practice in supervision It is a practical book for working supervisors supervisees trainees in counselling and psychotherapy and most importantly for trainers devising training courses for supervisors Supervision in therapy and counselling is taken into a broad perspective of psychological ethical and social concerns and the author Don Feasey draws upon twenty years of experience as a psychotherapist in private and public practice to illustrate his themes Supervision is seen and described not only as a way of learning a way of working with a therapist or counsellor to promote the wellbeing of a client but as a deeply held creative psychotherapeutic relationship of mutual benefit between supervisor and supervisee alike The book has a wide spectrum examining the origins and social context of supervision it discusses the place of supervision in training the use of psychotherapy and counselling supervision in private practice and within NHS settings it reviews the debate about the nature of supervision as a therapeutic relationship and gives strongly felt attention to issues of ethics It pays attention to individual and group supervision The term therapist is used in this book to indicate a broad view of counselling and psychotherapy and its practitioners creative therapists get special mention It also sets out to draw together therapists and counsellors inviting them to share similar concerns in examining the nature of supervision and its place in their professional lives Finally Don Feasey sets out his own vision of the nature of supervision and defends its place in the therapeutic milieu arguing that its presentation primarily as an educational activity should be treated with reservation He believes that due consideration must be given to the origins of supervision in the practice of psychoanalytic psychotherapy He advocates the Relational Approach upon which he has based his own work as a supervisor for the past twenty years The book contains number of valuable short personal accounts of supervision by experienced therapists and counsellors These may be found at the end of the book in the chapter called Reflections

**The Therapeutic Relationship in Psychoanalysis, Counselling Psychology and Psychotherapy** Petrůska Clarkson, 1995 It is often the therapeutic relationship between client and

therapist which is more important than the theoretical orientation This book deals with the uses and abuses of the therapeutic relationship in counselling psychology psychotherapy and related fields It provides a framework for integration pluralism or deepening singularity with reference to five kinds of therapeutic relationship potentially available in every kind of counselling or psychodynamic work The original paper and framework upon which this book is based has been widely acclaimed within psychotherapeutic humanistic and psychoanalytic circles internationally It has been found useful by adherents of a single orientation as well as by practitioners who draw from several approaches In addition it has formed the basis for several courses in counselling and psychotherapy which have been recognised by national and international accrediting organisations Dealing with an issue of increasing complexity the book will be of great value and significance to psychotherapists psychoanalysts clinical and counselling psychologists and other professionals working in the field of helping human relationships such as doctors social workers teachers and counsellors Informed lay people particularly those who are involved in the helping professions may also find it of interest and benefit
