Robert Thomas Smith,Roland B. Minton,1992 This supplementary text for the standard calculus course focuses on how the
HP 28S and the HP 48SX 2 graphing supercalculators will aid in improving students understanding of calculus The
calculators are capable of rapid production of graphics and calculations so classes that have access to the machines will save
valuable time on graphing and calculations With supercalculators such as the HP 28S and the HP 48SX students can focus on
