Cyprus Conflict 1964-1985:

The Cyprus Question as an Issue of Turkish Foreign Policy and Turkish-American Relations, 1959-2003 Nasuh Uslu, 2003
This book mainly focuses on the Cyprus question as a pivotal issue of Turkish foreign policy and Turkish American relations. The Cyprus question was a constant factor in US Turkish relations in the past and it still conditions the Turkish American alliance which is an important element of the present international relations. The period covered in this book is from 1960 to 1975. After experiencing a perfect honeymoon period in the 1950s, the durability, strength and cohesion of the US Turkish alliance were tested by severe problems between 1960 and 1975. At the core of all the problems was there the Cyprus question affecting the general tendency of the relationship between the two countries and the attitude of policy makers of both states. Finally, the period covering from 1974 onward up to the present is generally studied with particular emphasis on Turkish American relations and a supplementary chapter at the end of the book gives the latest developments from the Turkish point of view.

Concise Biographical Companion to Index Islamicus Wolfgang Behn, 2006-03-01
This second of the three volumes *Who's Who in Islamic Studies* presents the scholarly world at long last with its own biographical encyclopaedia. Taking as a starting point the inventory of authors from the renowned *Index Islamicus*, the author Wolfgang Behn, Berlin, has systematically collected numerous data on the lives and works of the tens of thousands of authors listed in the *Index Islamicus* from 1665 to 1980. This *Biographical Companion* will be an indispensable reference tool for the serious student and scholar of Islamic Studies. It enables the user to quickly gain knowledge on the life work and professional background of almost every major and minor author and thus to place each author in his/her proper perspective. A tremendous achievement and a true must for every library.

The European Union and Cyprus Christopher Brewin, 2000
From Bosnia to Estonia, the European Union and other international bodies face problems of power, politics and humanitarian principle, a problem ignored but not resolved in Cyprus. The impact of the Cyprus question on the EU is a feature of relations between the EU and Cyprus and is analyzed here.
