Dark Shadow Of The Werewolf:

Dark Shadow of the Werewolf Dragan Vujic,2002-03-11 Vacationing with his relatives an affluent businessman discovers that his perceptions of beauty and tranquility of the north are mere illusions Although fully cognizant of the evil reality within their community none of the relatives disclose the fact that the dark shadow of the werewolf chokes the land A devastating supernatural event changes one mans destiny forever His opulent world shatters like a delicate crystal glass falling upon an unforgiving marble floor Destiny offers him a new profession Out of the murky depths a werewolf hunter emerges Vengeance burns bright in a heart filled with acrimony In his valiant efforts to purge the countryside Buck Lanark must murder foes friends and family members He cannot afford the luxuries of discretion and discrimination All who have become werewolves must die In the course of his killing spree Buck discovers the origins and evolution of werewolves *The Essential Guide to Werewolf Literature* Brian J. Frost,2003 In this fascinating book Brian J Frost presents the first full scale survey of werewolf literature covering both fiction and nonfiction works He identifies principal elements in the werewolf myth considers various theories of the phenomenon of shapeshifting surveys nonfiction books and traces the myth from its origins in ancient superstitions to its modern representations in fantasy and horror fiction Frost s analysis encompasses fanciful medieval beliefs popular works by Victorian authors scholarly treatises and medical papers and short stories from pulp magazines of the 1930s and 1940s Revealing the complex nature of the werewolf phenomenon and its tremendous and continuing influence *The Essential Guide to Werewolf Literature* is destined to become a standard reference on the subject *The Werewolf Filmography* Bryan Senn,2017-02-20 From the horrific to the heroic cinematic werewolves are metaphors for our savage nature symbolizing the secret bestial side of humanity that hides beneath our civilized veneer Examining acknowledged classics like *The Wolf Man* 1941 and *The Howling* 1981 as well as overlooked gems like *Dog Soldiers* 2011 this comprehensive filmography covers the highs and lows of the genre Information is provided on production cast and filmmakers along with critical discussion of the tropes and underlying themes that make the werewolf a terrifying but fascinating figure *The Dark Shadows Book of Vampires and Werewolves* ,1970 Rarely is the ordinary mortal granted an opportunity to know the torment and suffering that is the lot of the vampire or the werewolf Objects of disgust horror and fear we are hunted down like the lowliest of beasts and hounded to a destruction more degrading than that afforded common criminals for the curse that makes us what we are also makes men forget that once we were as they are happy creatures permitted the joys of sunlight and flowers and the simplest pleasures of life Here then is a singular collection of tales and narratives gleaned from the shelves of fiction and fact offering readers a glimpse of the truth as it really is Pg 4 of cover
