Scupoli's *The Spiritual Combat* has provided time-tested strategies for achieving victory over the flesh and the devil and is acknowledged to be one of the greatest guides to guide one to virtue in time of temptation. St. Francis de Sales carried this little work wherever he went, consulting it often. *The Spiritual Combat* is one of the all-time greatest and best-known classics on the spiritual life and is a book that will inspire and instruct today just as it has for over 400 years.

*Dark Night of the Soul*: The Dark Night has been described as a point of deep spiritual crisis and the pathway. Fray John lays out isn't merely to recover but to thrive and experience true union with God. This is mysticism with a purpose to change your life right now to become more like Christ every day. This is no bleak night but a bright light of hope lit on a clear path to living holiness by the premier spiritual master, St. John of the Cross.

In a homily commemorating the martyrdom of St. John the Baptist, Pope Francis remarked, "I think of the dark night of the soul of Blessed Teresa of Calcutta and is inspired with the hope only Christ can give each of us." Together, St. John of the Cross and St. Teresa of Avila are considered the founders of the Discalced Carmelites.

*The Way of the Cross*: St. Alphonsus Liguori's method is the most treasured way of praying the stations ever to bless Christendom. The Saint is also the creator of the classic *The Glories of Mary*. The pious practice has been around since Christians visited the Holy Land in the 5th Century and emulated the actual way of the cross. In the 14th century to remind Catholics of the ties to the Holy Land, the Franciscans promoted the devotion and ever since it has become an annual Lenten tradition. [Sufi](#), 1995

**The Ascent of Joy** Saint John of the Cross, 2002

A perfect introduction to John of the Cross writings, this anthology makes the Spanish saint and mystic accessible to the average reader. Contains ample introductions and annotations opening up the complete spectrum of John's spirituality. In this well-crafted introduction and anthology, Marc Foley leads the reader step by step into the very heart of the spiritual way taught by John of the Cross. Nearly every serious spiritual seeker at some point experiences a need to look to the teaching of this sixteenth-century Spanish saint and mystic for guidance, especially when one faces one's personal night of the soul. Here the student or seeker can gain an intimate acquaintance not only with the rigor for which John is so well known but also with his tenderness, his passion, and his poetic heart. Foley provides substantial introductions and notes, but the core of the teaching is developed in carefully selected excerpts from John's own writings. The special gift of *Ascent to Joy* is that these excerpts are presented in a systematic order so that the text can function both as a primer of John's teaching and as a profound introduction to the contemplative way. This volume fills a much-needed niche in the array of spiritual books available today.
