Farrar,2016-06-30 I have endeavoured to choose a title for this book which shall truly describe its contents The Darkness of which I speak is the darkness of a decadent Paganism the Dawn is the dawn of Christianity Although the story is continuous I have called it *Scenes in the Days of Nero* because the outline is determined by the actual events of Pagan and Christian history more than by the fortunes of the characters who are here introduced In other words the fiction is throughout controlled and dominated by historic facts The purport of this tale is no less high and serious than that which I have had in view in every other book which I have written It has been the illustration of a supreme and deeply interesting problem the causes namely why a religion so humble in its origin and so feeble in its earthly resources as Christianity won so majestic a victory over the power the glory and the intellect of the civilised world **Darkness and Dawn Or Scenes in the Days of Nero an Historic Tale (Classic Reprint)** Frederic William Farrar,2015-07-08 Excerpt from *Darkness and Dawn or Scenes in the Days of Nero an Historic Tale* Expressions and incidents which to some might seem to be startlingly modern are in reality suggested by passages in the satirists epigrammatists and romancers of the Empire or by anecdotes preserved in the grave pages of Seneca and the elder Pliny I have of course so far assumed the liberty accorded to writers of historic fiction as occasionally to deviate to a small extent from exact chronology but such deviations are very trivial in comparison with those which have been permitted to others and especially to the great masters of historic fiction All who know most thoroughly the real features of that Pagan darkness which was deepest before the Christian dawn will see that scarcely even by the most distant allusion have I referred to some of the worst features in the life of that day While I have not extenuated the realities of cruelty and bloodshed I have repeatedly softened down their more terrible incidents and details To have altered that aspect of monotonous misery which pained and wearied its ancient annalist would have been to falsify the real characteristics of the age with which I had to deal The book is not a novel nor is it to be judged as a novel The outline has

been imperatively decided for me by the exigencies of fact not by the rules of art I have been compelled to deal with an epoch which I should never have touched if I had not seen in the features which it presented one main explanation of an historical event the most sacred and the most interesting on which the mind can dwell About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Darkness and Dawn Frederic Farrar, 1897-11-19 I have endeavoured to choose a title for this book which shall truly describe its contents The Darkness of which I speak is the darkness of a decadent Paganism the Dawn is the dawn of Christianity Although the story is continuous I have called it Scenes in the Days of Nero because the outline is determined by the actual events of Pagan and Christian history more than by the fortunes of the characters who are here introduced In other words the fiction is throughout controlled and dominated by historic facts The purport of this tale is no less high and serious than that which I have had in view in every other book which I have written It has been the illustration of a supreme and deeply interesting problem the causes namely why a religion so humble in its origin and so feeble in its earthly resources as Christianity won so majestic a victory over the power the glory and the intellect of the civilised world The greater part of the following story has been for some years in manuscript and since it was designed and nearly completed several books have appeared which deal with the same epoch Some of these I have not seen From none of them have I consciously borrowed even the smallest hint
