Dart Of Longing Love:

Dart of Longing Love Robert Llewelyn, 2004 The Dart of Longing Love is a companion volume to the warmly received *Enfolded in Love* and seeks to do for the fourteenth century *Cloud of Unknowing* what the earlier book did for Julian of Norwich's *Revelations of Divine Love*. In its pages will be found the heart of the *Cloud* translated into modern English and it is hoped all that is needed to help those drawn to the way of contemplative prayer to pursue their calling supported by the encouragement and wisdom which the *Cloud* provides. The author of the *Cloud* is unknown but the style reveals a lively and vigorous mind possessing a shrewd knowledge of human nature and a strong sense of humour. The book can be read straight through in one or two sessions and then taken daily over the period of one or two months for which it is designed. Several passages from contemporary spiritual works are also included to help the modern reader further on the road of which the *Cloud* speaks. This book is part of the acclaimed *Enfolded in Love* series of books which presents selections from the spiritual classics in a form suitable for daily reading and meditation.

The 'sharp Dart of Longing Love' Emily Rose Neeson, 2009

Love's Oneing Kerrie Hide, 2022-11-08

Grounded in Christian love mysticism *Love's Oneing* gives voice to the luminous consciousness that awakens from within our oneness in God in contemplation. With great sensitivity the book offers nuanced insight into the marriage of kenosis and desire in contemplation through the rich tapestry of writings from nine mystics: Julian of Norwich, the *Cloud of Unknowing* author Meister Eckhart, Mechthild of Magdeburg, Clare of Assisi, John of the Cross, Teilhard de Chardin, Beatrice Bruteau, and Ilia Delio. With the delicate eye of a spiritual director immersed in mystical literature, Kerrie Hide situates these mystical teachings within contemplative prayer whilst offering a scholarly exploration of contemplative practice to embody the insights. Deeply grounded in traditional and contemporary mystical classics, Hide celebrates how the Christian mystical tradition lays a foundation for the evolutionary growth of communion consciousness and the insights of quantum science, highlighting key moments in contemplation that when surrendered into open into divine love, born of intellectual reflection

lived experience and contemplative wisdom Love's Oneing makes a unique contribution to the existing literature on contemplation at a time when the recovery of the mystical dimension of life is crucial for the future of our planet in this climate crisis moment

Sense and Thought Greta Hort, 2025-04-01 Originally published in 1936 the author investigates the working of the mind in various types of experiences showing how sense and thought volition and cognition practice and theory work together as well in secular as in religious experiences that in each type of experience reality presents itself but that while secular experiences are partial religious experiences are whole experiences The book discusses the love of God the conception of God as law the relation between the transcendent and the immanent and concludes by showing that the conception of the Absolute is inherent in one type of Christianity

The Cloud of Unknowing, 2014-10-17 For of all other creatures and their works yea and of the works of God a man may through grace have full knowledge and well he can think of them But of God Himself can no man think And therefore I would leave all that I can think and choose to love what I cannot think For He may well be loved but not thought By love may He be gotten and held but by thought never The Cloud of Unknowing Few things are as eternal in this world as man's quest to better know and understand his Creator Because the human mind is far too small to fully grasp the Almighty believers who try to approach Him intellectually often freeze up entering into a cloud of unknowing But God is approachable The Cloud of Unknowing dates back as far as the fourteenth century and has inspired generations of seekers in their efforts to connect with God Created as a primer to instruct young monks to develop techniques for encountering God its tone is not academic or austere but rather a loving call for believers to grow closer to God through meditation and prayer If you desire to experience God in your heart and yourself in God's heart The Cloud of Unknowing will be a book to read and reread for a lifetime

Survival Karen O'Donnell, 2024-10-30 Trauma theology remains a rapidly growing field considering as it does the impact that embodied experiences of trauma have on theological discourse In this book leading trauma theologian Karen O'Donnell turns her attention to the impact that trauma has on spiritual practice and considers the ways that trauma might require a wholesale reimagining of spiritual practice into something more suitable and sustaining for trauma survivors

Christian Mysticism Dr Kevin Magill, Dr Louise Nelstrop, Mr Bradley B Onishi, 2013-06-28 This book introduces students to Christian mysticism and modern critical responses to it Christianity has a rich tradition of mystical theology that first emerged in the writings of the early church fathers and flourished during the Middle Ages Today Christian mysticism is increasingly recognised as an important Christian heritage relevant to today's spiritual seekers The book sets out to provide students and other interested readers with access to the main theoretical approaches to Christian mysticism including those propounded by William James Steven Katz Bernard McGinn Michael Sells Denys Turner and Caroline Walker Bynum It also explores postmodern re-readings of Christian mysticism by authors such as Jacques Derrida Jean Luc Marion and Jean Fran ois Lyotard The book first introduces students to the main themes that underpin Christian mysticism It then reflects on how modern critics have understood each of them

demonstrating that stark delineation between the different theoretical approaches eventually collapses under the weight of the complex interaction between experience and knowledge that lies at the heart of Christian mysticism In doing so the book presents a deliberate challenge to a strictly perennialist reading of Christian mysticism Anyone even remotely familiar with Christian mysticism will know that renewed interest in Christian mystical writers has created a huge array of scholarship with which students of mysticism need to familiarise themselves This book outlines the various modern theoretical approaches in a manner easily accessible to a reader with little or no previous knowledge of this area and offers a philosophical theological introduction to Christian mystical writers beyond the patristic period important for the Latin Western Tradition

A Book of Contemplation the which is Called The Cloud of Unknowing, in the which a Soul is Oned with God Evelyn Underhill, 1912 **Prayer - 10th Anniversary Edition** Richard J. Foster, 2009-10-13 Best selling author Richard J Foster offers a warm compelling and sensitive primer on prayer helping us to understand experience and practice it in its many forms from the simple prayer of beginning again to unceasing prayer He clarifies the prayer process answers common misconceptions and shows the way into prayers of contemplation healing blessing forgiveness and rest Coming to prayer is like coming home Foster says Nothing feels more right more like what we are created to be and to do Yet at the same time we are confronted with great mysteries Who hasn't struggled with the puzzle of unanswered prayer Who hasn't wondered how a finite person can commune with the infinite Creator of the universe Who hasn't questioned whether prayer isn't merely psychological manipulation after all We do our best of course to answer these knotty questions but when all is said and done there is a sense in which these mysteries remain unanswered and unanswerable At such times we must learn to become comfortable with the mystery Foster shows how prayer can move us inward into personal transformation upward toward intimacy with God and outward to minister to others He leads us beyond questions to a deeper understanding and practice of prayer bringing us closer to God to ourselves and to our community

Analecta Cartusiana, 1970 *The Cloud of Unknowing* Anonymous, 1922 Written anonymously *The Cloud of Unknowing* is a treatise which discusses the human soul and how God interacts with it to form each person's spiritual journey A manual of prayer and God split into seventy five short chapters this book is intended to be read slowly so that the author's comprehension is maximized First written in

Middle English during the 15th century the words are archaic but made comprehensible by author Evelyn Underhill who performed edits upon the original text in the early 20th century Unusually for the period this treatise is imbued with plentiful good humor and a gentle tone The author does not seek to preach oppressively or with threats of damnation but instead offers readers a relaxed thoughtful yet devoted manual of faith and advice on living a joyous spiritually mindful life Although the book is old the wisdom and guidance it offers is imbued with timelessness Evelyn Underhill an author who wrote extensively on the subjects of mysticism and spiritual experiences was fascinated by this surviving work of the late Middle Ages It was apparently written as private advice between a pupil and master and was not intended for wide publication Underhill explains her affinity to this text in her introduction identifying it as a prime example of Christian mysticism and noting past examples wherein mystics and spiritualists have influenced Christianity
