Duane Hanson:

Duane Hanson Duane Hanson, 2001 Inspired by the award winning poet and actor's acclaimed one man play a powerful coming of age memoir that reimagines masculinity for the twenty first century male Award winning poet actor and writer Carlos Andrés Gómez is a supremely gifted storyteller with a captivating voice whose power resonates equally on the live stage and on the page In one of his most moving spoken word poems Gómez recounts a confrontation he once had after accidentally bumping into another man at a club Just as they were about to fight Gómez experienced an unexplainable surge of emotion that made his eyes well up with tears Everyone at the scene jumped back as if crying or showing vulnerability was the most insane thing that Gómez could possibly have done Like many men in our society Gómez grew up believing that he had to be ready to fight at all times treat women as objects and close off his emotional self It wasn't until he discovered acting that he began to see the true cost of squelching one's emotions and how aggression dominates everything that young males are taught Statistics on graduation rates employment and teen and young adult suicide make it clear that the young males in our society are at a crisis point but Gómez seeks to reverse these ominous trends by sharing the lessons that he has learned Like Hill Harper's *Letters to a Young Brother* *Man Up* will be an agent for positive change galvanizing men but also mothers girlfriends wives and sisters to rethink and reimagine the way all men interact with women deal with violence handle fear and express emotion

Duane Hanson Duane Hanson, 2007 Anyone who encounters photographs by Philip Lorca diCorcia today and looks at his inconspicuous individuals standing around idly at intersections or hurrying with a fixed stare through the lobbies of insurance companies will notice his unsentimental view of those strangers who are the masses Michel Houellebecq comes involuntarily to mind and the dull center in which the figures of his visionary society novels move of their loneliness their terrible isolation and despair which he dissects mercilessly and describes with deeply sorrowful humor We now know that the world is of average size and we remember that Duane Hanson's fiberglass people have been alive in this world for more than thirty years Starting in the 1960s he found these people in American everyday life people who were all somewhat closer to the trauma of life somewhat closer to the surface of the earth and somewhat more forgotten on the edge of the masses He replicated these people in polyester resin or bronze and placed them in the museums of this world people who in their artificial perfection in their artificial lifelikeness brought forth bewilderment astonishment and dismay in all viewers His figures show that life does not satisfy the needs which it awakens Exhibitions of the work of Duane Hanson are especially important because his art allows us to reflect on our experiences in a world which is becoming increasingly impersonal His sculptures show us life and do not permit us to view them coolly from a distance Instead they invite us to discover in the details the similarities and differences between the sculptures and the real individuals and to follow the confusion of illusion and art world in the situation in which they are perceived
