The Bomb Gerard J. De Groot, 2005 Bombs are as old as hatred itself But it was the twentieth century one hundred years of incredible scientific progress and terrible war that brought forth the Big One the Bomb humanity s most powerful and destructive invention In *The Bomb A Life* Gerard DeGroot tells the story of this once unimaginable weapon that at least since 8 16 a m on August 6 1945 has haunted our dreams and threatened our existence The Bomb has killed hundreds of thousands outright condemned many more to lingering deaths and made vast tracts of land unfit for life For decades it dominated the psyches of millions becoming a touchstone of popular culture celebrated or decried in mass political movements films songs and books DeGroot traces the life of the Bomb from its birth in turn of the century physics labs of Europe to a childhood in the New Mexico desert of the 1940s from adolescence and early adulthood in Nagasaki and Bikini Australia and Kazakhstan to maturity in test sites and missile silos around the globe His book portrays the Bomb s short but significant existence in all its scope providing us with a portrait of the times and the people from Oppenheimer to Sakharov Stalin to Reagan whose legacy still shapes our world

Bert the Turtle Says Duck and Cover , 1955 **Broken** Greg Fromholz, 2015-08-18 The growing disconnect between the instructions of Jesus and the actions of his followers has caused a rift Instead of reaching out beyond our walls we hold tight to traditions that seem outdated Instead of exploring other faith perspectives we shake a judgmental fist at a secular society Instead of engaging culture in their questions about what our lives should be like we talk as if God only cares about the next life As a result our witness has become as divisive as sin itself This book is a call to restore the trust that we have lost in our relationships with each other and with God Expounding on stories from the Bible history culture and his own experiences Fromholz explores the source of the disconnect and provides a blueprint for reconnection A snowball fight between soldiers and students demonstrates that trust can overcome fear The biblical story of Abraham and Sarai shows how restoring trust can restore faith in God The author s seventeen year search for his father sends a powerful message new trust brings a new future Through authentic honest and challenging prose Fromholz examines the power trust has in freedom forgiveness and reconciliation Recognizing that we are part of this culture and life around us *Broken* will inspire us to be who we were always created to be connected and restored so that we can find and multiply hope
