Targeting Civilians in War Alexander B. Downes,2011-05-15 Accidental harm to civilians in warfare often becomes an occasion for public outrage from citizens of both the victimized and the victimizing nation In this vitally important book on a topic of acute concern for anyone interested in military strategy international security or human rights Alexander B Downes reminds readers that democratic and authoritarian governments alike will sometimes deliberately kill large numbers of civilians as a matter of military strategy What leads governments to make such a choice Downes examines several historical cases British counterinsurgency tactics during the Boer War the starvation blockade used by the Allies against Germany in World War I Axis and Allied bombing campaigns in World War II and ethnic cleansing in the Palestine War He concludes that governments decide to target civilian populations for two main reasons desperation to reduce their own military casualties or avert defeat or a desire to seize and annex enemy territory When a state s military fortunes take a turn for the worse he finds civilians are more likely to be declared legitimate targets to coerce the enemy state to give up When territorial conquest and annexation are the aims of warfare the population of the disputed land is viewed as a threat and the aggressor state may target those civilians to remove them Democracies historically have proven especially likely to target civilians in desperate circumstances In *Targeting Civilians in War* Downes explores several major recent conflicts including the 1991 Persian Gulf War and the American led invasion of Iraq in 2003 Civilian casualties occurred in each campaign but they were not the aim of military action In these cases Downes maintains the achievement of quick and decisive victories against overmatched foes allowed democracies to win without abandoning their normative beliefs by intentionally targeting civilians Whether such restraint can be guaranteed in future conflicts against more powerful adversaries is however uncertain During times of war democratic societies suffer tension between norms of humane conduct and pressures to win at the lowest possible costs The painful lesson of *Targeting Civilians in War* is that when these two concerns clash the latter usually prevails **American Legend** Buddy Levy,2006-12-05 David Crockett was an adventurer a pioneer and a media savvy national celebrity In his short but distinguished lifetime this charismatic frontiersman won three terms as a U S congressman and a presidential nomination His 1834 memoir enjoyed frenzied sales and prompted the first ever official book tour for its enormously popular author Down to earth heroic and independent to a fault the real Crockett became lost in his own hype and he s been

overshadowed by a larger than life pop culture character in a coonskin cap Now American Legend debunks the tall tales to reveal the fascinating truth of Crockett s hardscrabble childhood his near death experiences his unlikely rise to Congress and the controversial last stand at the Alamo that mythologized him beyond recognition In this beautifully written narrative Crockett emerges as never before a rugged individual a true American original and an enduring symbol of the Western frontier A great myth busting story that presents Davy Crockett as a man of genius and folly which has the unlikely effect of making him all the more heroic Martin Dugard author of The Last Voyage of Columbus and Into Africa The Epic Adventures of Stanley and Livingstone As spellbinding and dramatic as any novel and as compelling as any reportage Peter Hoffer Distinguished Research Professor of History The University of Georgia [The Alamo](#) William W. Lace,1998 An historical account of the first major battle in North America between the cultures of the United States with its mainly British tradition and that of Mexico with its history of Spanish rule

Crockett Buddy Levy,2025-03-11 A great myth busting story written in a taut narrative style that is guaranteed to keep the reader up all hours turning the pages Martin Dugard coauthor of the 1 New York Times bestseller Killing Lincoln with Bill O Reilly Crack open the most in depth exciting portrait of Davy Crockett ever written from acclaimed bestselling adventure history author Buddy Levy Inside is more than just the tale of the coonskin cap wearing frontiersman who heroically sacrificed himself at the Battle of the Alamo but of the real man behind the King of the Wild Frontier myth From a humble childhood and meager education the legendary adventurer David Crockett led a distinguished life winning three elections as a congressman and earning a presidential nomination Buddy Levy reveals the fascinating truth of Crockett beyond the newspaper spins and folkloric celebrity status as a figure that both embraced and clashed with the identity of the American Old West He was charismatic down to earth pioneering independent to a fault and his adventures have been warped beyond recognition by Hollywood hype But in this beautifully written narrative Davy Crockett emerges as never before a rugged individual a true American original and an enduring symbol of the Western frontier

Emily D. West and the "Yellow Rose of Texas" Myth Phillip Thomas Tucker,2014-02-13 For the first time the true story of The Yellow Rose of Texas is told in full revealing a host of new insights and perspectives on one of America s most popular stories For generations the Yellow Rose of Texas has been one of America s most popular western myths growing larger over time and little resembling the truth of what happened on April 21 1836 at the battle of San Jacinto where a new Texas Republic won its independence The woman who has been popularly connected to the story was an ordinary but also quite remarkable free black woman from the North Emily D West This work reconstructs her experience places it in full context and explores the evolution of a most fanciful myth

Television in Black-and-white America Alan Nadel,2005 La couverture indigne Alan Nadel s new book reminds us that most of the images on early TV were decidedly Caucasian and directed at predominantly white audiences Television did not invent whiteness for America but it did reinforce it as the norm particularly during the Cold War years Nadel now shows just how instrumental it was in constructing a narrow conservative

and very white vision of America During this era prime time TV was dominated by adult Westerns with heroes like The Rebel s Johnny Yuma reincarnating Southern values and Bonanza s Cartwright family reinforcing the notion of white patriarchy programs that Nadel shows bristled with Cold War messages even as they spoke to the nation s mythology America had become visually reconfigured as a vast Ponderosa crisscrossed by concrete highways designed to carry suburban white drivers beyond the moral challenge of racism racial poverty and increasingly vocal civil rights demands

The Psychology of Military Humour J. Nazareth,1988 This book is the most comprehensive work on the subject and perhaps the only one that focuses on military humor Everyone enjoys humor and military humor has a particular appeal because it is created in an environment that offers the maximum opportunity for its exploitation It will also make the general reader familiar with the military milieu and the working of the military mind The student of psychology should find this book useful because it presents the difficult subject of humor in general in a comprehensive and readable form However this book should prove most useful to the service officer for whom the pleasure of the humor will be enhanced because familiarity with the military environment It will also give a new dimension in the exercise of military command by the use of humor to mitigate the stresses and strains of peace and war *Book Review Index* ,1980-06 Every 3rd issue is a quarterly cumulation

Command and Control for War and Peace Thomas P. Coakley,1992 *Saturday Review* ,1971 [Amid the High Hills](#) Sir Hugh Fraser,1923 **Southwestern Historical Quarterly** ,1994

The book delves into Duel Of Eagles. Duel Of Eagles is an essential topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Duel Of Eagles, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:

- Chapter 1: Introduction to Duel Of Eagles
- Chapter 2: Essential Elements of Duel Of Eagles
- Chapter 3: Duel Of Eagles in Everyday Life
- Chapter 4: Duel Of Eagles in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Duel Of Eagles. This chapter will explore what Duel Of Eagles is, why Duel Of Eagles is vital, and how to effectively learn about Duel Of Eagles.

3. In chapter 2, the author will delve into the foundational concepts of Duel Of Eagles. This chapter will elucidate the essential principles that must be understood to grasp Duel Of Eagles in its entirety.

4. In chapter 3, the author will examine the practical applications of Duel Of Eagles in daily life. The third chapter will showcase real-world examples of how Duel Of Eagles can be effectively utilized in everyday scenarios.

5. In chapter 4, the author will scrutinize the relevance of Duel Of Eagles in specific contexts. The fourth chapter will explore how Duel Of Eagles is applied in specialized fields, such as education, business, and technology.

6. In chapter 5, this book will draw a conclusion about Duel Of Eagles. This chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Duel Of Eagles.
