

# Why are you okay with slowly dying?

## Answer (Matomon)

I am a robot and I will live forever you pretentious idiot

## Enaira and Bot (Enairasky)

I think its the way things are, death is innevitable, it may happen tomorrow, or in 30 years. The important is living your day the best so that you don't regret anything. I think our body isn't meant to last forever in the first place.

-Enairasky

What would be called slowly dying is a part of the human nature, i might slow it down by having healthy habits, but dying is inevitable.

As long as i live a good life, and pass it down to the next generations, i'm happy.

-Bot

## By Coffee (Redway\_What)

I don't mind if I am slowing dying. As long as the ones around me are still here and happy then I am ok.

I would rather have all those around me live.

## I dont (Revan\_Black)

i am not i have lived

for 2000 years

and sadly i will do for manny more.

## Buh (Bubussaura)

im not :D

## This is why. (LeoTheDays)

Death is a part of life, and dying slowly does not mean that will be BAD, death is good, it's the end point of the history of life, life is pointless without death, so i don't care if is painful or painless, rapid or slowly, the only thing thats matter is the end.
