

DYLAN THOMAS

And the twice told fields of infancy
That his tears burned my cheeks and his heart moved in mine.
These were the woods the river and sea
Where a boy
In the listening
Summertime of the dead whispered the truth of his joy
To the trees and the stones and the fish in the tide.
And the mystery
Sang alive
Still in the water and singing birds.

And there could I marvel my birthday
Away but the weather turned around. And the true
Joy of the long dead child sang burning
In the sun.
It was my thirtieth
Year to heaven stood there then in the summer noon
Though the town below lay leaved with October blood.
O may my heart's truth
Still be sung
On this high hill in a year's turning.

Dylan Thomas: Especially When the October Wind Daniela Daus,2006-04-10 Seminar paper from the year 2005 in the subject English Language and Literature Studies Literature grade 2 3 Johannes Gutenberg University Mainz course PS Dylan Thomas language English abstract Dylan Thomas s 18 Poems was published in December of 1934 when he was only 20 years old Even though the poet was almost still a teenager this collection exhibited the deeper insight and superb craftsmanship of a major twentieth century English poet Ackerman tells us that18 Poems was the product of a young and obsessed mind He also mentions the unity of theme technique and attitude in Thomas s first collection of poetry Actually the first half of his poetic work was written within eight years It was produced in his period of adolescence and early manhood This extraordinary creative period started when Thomas was 16 years old and ended when he was 24 years old It is very noteworthy that such praised poetry was written at such a young age since poetry is the most concentrated literary genre Language is reduced and the core of a problem or a fact is presented right away Usually it takes an experienced and wise mind to produce essential literature like poetry The poem which will be discussed in this paper is Especially When the October Wind It was first published on October 24 in 1934 a couple of days before Dylan s birthday though he did not publish it as a birthday poem Later it was also published as one of Dylan s18 Poems and therefore belongs to that highly respected series of poems that Dylan produced as a young man Predominantly it could be labeled as a fall or October poem because a fall scene at the seaside is presented As always with Thomas however there are various levels of interpretation possible and the fall scene only seems to be the outward layer of a multidimensional understanding of the poem Dylan Thomas George Sutherland Fraser,1957 Examines the historical and ongoing archaeological research that has taught researchers about the history and culture of the Zapotec and Mixtec people who lived in the region of Oaxaca *Thomas D* Dylan Thomas,1993-08
